# ALUTAMICH INVESTMENTS PVT LTD COMPANY PROFILE

ALUTAMICH  
INVESTMENTS PVT LTD

# OUR SERVICES

1

## SMART AGGREGATION

We collect produce from multiple small and medium-scale farmers. We perform cleaning, sorting, grading, and standard packaging according to buyer specifications (supermarkets, processors, exporters)

2

## MANAGED LOGISTICS

We provide scheduled transportation. We optimize routes and loads to reduce costs and spoilage. We offer real-time tracking so both farmers and buyers know the status of their goods.

3

## MARKET LINKAGE & SALES GUARANTEE

We act as the sales arm for farmers, securing forward contracts with large, reliable buyers (supermarkets, restaurant chains, food processors), freeing farmers to focus on production.

4

## SUPPLY CHAIN INSIGHTS & ADVISORY

We provide data-backed feedback to farmers on quality metrics and how to improve yields and post-harvest handling. We advise buyers on seasonal availability, volumes, and potential risks.
